Notes

Every record added is counted as a "Add to e-Shelf" type click

Editing an existing tag does not registered as a statistic

Only relevant to customers with Alma

Clicking on Prev/Next on the browse result page is counted as a Browse Search of the same type as the original query

Relevant to Alma customers only.

Relevant only to Alma customers
Includes both options - to save search only and save search and create alert.

A new session is started with the Primo UI is opened for the first time in the browser; the view is changed or re-accessing after the session ended.

Relevant to Alma customers only.
